

# Towards the Top

Day 3  
1440 ربيع الآخر 18  
25.12.18

Everyone has been given the ability to reach the top, with different mans, according to your capabilities. You will be guided to what has been decreed for you.

**He who fears [ Allah ] will be reminded**

سَيَذَكِّرُ مَنْ يَخْشَى ۝۱۰

The one who fears Allah with knowledge will benefit from the reminders. You must maintain the standard of the reminder, don't go after those who don't appreciate them. Those with knowledge will strive to attain the pleasure of Allah. The person must be worthy to receive the reminders.

**But the wretched one will avoid it**

Those who are not worthy of the reminders will avoid them. So Allah protects you, so that the reminders which are of such a high quality will not be wasted. This person will be the most miserable, because he doesn't want to go towards the reminders. Allah is the One who will guide the person who wants the reminders, to hear them and obey.

وَيَنْجِنِبُهَا الْأَشَقَى ۝۱۱

**[He] who will [enter and] burn in the greatest Fire**

This most miserable person, who avoids the reminders, and who is not worthy of them, will burn in the great blazing hellfire.

الَّذِي يَصَلِّي النَّارَ الْكُبْرَى ۝۱۲

**Neither dying therein nor living**

In the midst of this Fire, they will neither be alive nor dead. He cannot die in the Fire, he has to feel the punishment. He wants to die, but he cannot. In life, he didn't want to die, but he did. The actual life is the hereafter. He will experience a painful punishment continuously. This is eternity.

ثُمَّ لَا يَمُوتُ فِيهَا وَلَا يَحْيَى ۝۱۳

**He has certainly succeeded who purifies himself**

The one who is successful, who reaches the top, is the one who strives to purify himself. The word أفلح means to work hard, as a farmer would. The فلاح, the farmer, works so hard, tilling the fields, sowing the seeds, watering them, caring for them.

قَدْ أَفْلَحَ مَنْ تَزَكَّى ۝۱۴

Use whatever Allah subjects to you to purify yourself. Clean your heart, you can't reach the top with a sick heart. Don't transgress, or commit shirk. Don't think or do bad, or you will fail. Replace the bad with the good. Reach the top with your good character, and whatever talents Allah has given you.

**And mentions the name of his Lord and prays**

The one who strives to purifies himself remembers his Rabb, and this keeps him motivated. The tasbeeh will propel you upwards and forward. The tasbeeh is the worship of those high up, the angels, the mountains and the birds. Your Rabb is the One who nurtures and reforms you. He puts you in training, so that you can reach the top.

وَذَكَرَ اسْمَ رَبِّهِ فَصَلَّى ۝۱۵

This slave of Allah remembers that everything is from his Rabb, this knowledge is in every cell of his body. Prayer is the connection of the slave with his Rabb. Remove all the bad traits which drag you down. Focus on three target areas - the heart, the tongue and the limbs; they must maintain a high standard to be elevated.

**But you prefer the worldly life**

There is an obstacle, the dunya, towards which the human being inclines. The dunya holds you back, because you prefer worldly possessions to the hereafter.

بَلْ تُؤْثِرُونَ الْحَيَاةَ الدُّنْيَا ۝۱۶

**While the Hereafter is better and more enduring.**

وَالْآخِرَةُ خَيْرٌ وَأَبْقَى ۝۱۷

The hereafter is enduring and the best. Make the akhirah your goal. The real believer will never chose anything substandard or temporary, instead of something best and eternal.  
The dunya is the head of all sins.

***Indeed, this is in the former scriptures***

إِنَّ هَذَا لَفِي الصُّحُفِ الْأُولَى ۝١٨

All this information is also mentioned in the previous Divine books and scriptures.

***The scriptures of Abraham and Moses***

صُحُفِ إِبْرَاهِيمَ وَمُوسَى ۝١٩

Ibrahim عليه السلام has been given the title of الأنبياء. He was also from the group of messengers and prophets of high determination, as was Musa عليه السلام.
