النجاة من الشرور

When you are firm on the deen in life, Allah will keep you firm in the akhirah. You must be firm on لا إله إلا الله, without any doubts, without being affected from any desires.

Tawheed is the biggest blessing. Allah creates everything for a purpose. When you do everything with faith, you will fulfill the duty upon you.

Someone who doesn't appreciate the blessings of Allah will go to their destruction.

Nurturing is also looking at the evil so that you can be cautious of it and stay away from it. These people didn't appreciate the blessings of Allah, for which they should have been grateful. They exchanged these blessings for which they should have been grateful, with disbelief. They exchanged the shukr for kufir, they covered the blessing.

What is the blessing of Allah? The message. They should have appreciated it, instead of which, they exchanged it. The Messenger of Allah صلى الله عليه و سلم called them to all the good, and salvation from all evil. When someone guides you, this is a blessing too. But they opposed and denied the message,

insulting and mocking the messenger.

The blessing of Allah must be welcomed with gratitude. Imagine opting for something bad in place of goodness. So they fell into destruction. Ingratitude has an evil impact. This group of people were a means for the destruction of those who followed them. They made the worst decision and chose the worst destination, the hellfire.

أَلَمْ تَرَ إِلَى الَّذِينَ بَدَّلُوا
نِعْمَتَ اللَّهِ كَفْرًا وَأَحَلُّوا
قَوْمَهُمْ دَارَ الْبَوَارِ

Have you not considered those who exchanged the favor of Allah for disbelief and settled their people [in] the home of ruin?
