creation has its tasbeeh and worship according to their condition. Allah inspires them, although we may not recognize it. They all know what to do.

Allah knows the actions of all His creation. Believe in Allah, think positive of Him, make tasbeeh, and everything will be good.

The rules and legislations of Allah enlighten the society. Allah guides to His nur whoever He wills. All the rules in the Surah connect to the chastity, without which the light of belief is blocked by the

Allah makes His slaves aware of His greatness, and full authority. Everyone is in need of His nurturing. We are also in need of worshipping Allah.

All that is in the heavens and earth glorify Allah, the animals, objects, angels, and all the creation. They are making tasbeeh, negating all the imperfections and faults from Allah. When you see something disturbing, and wonder why it is happening, don't jump to negativity; think of it as good, think سبحانك. Whatever Allah does and allows is good.

When you see the عاقل and غير عاقل making tasbeeh, this nurtures you to make tasbeeh too. Tasbeeh opens locked doors, and brings everything good. It gives you light.

Tasbeeh makes you soar in the sky, high above the earth, like the birds, making tasbeeh, spreading their wings. Without tasbeeh you cannot develop. Every
