

Paradise in my heart -Quran

22nd March 2020

Allah said in the beginning of **Surah Kahf**

الْحَمْدُ لِلَّهِ الَّذِي أَنْزَلَ عَلَى عَبْدِهِ الْكِتَابَ وَلَمْ يَجْعَلْ لَهُ عِوَجًا ۝١

SAHIH INTERNATIONAL

[All] praise is [due] to Allah, who has sent down upon His Servant the Book and has not made therein any deviance.

Allah tells us in Quran that all praises are for Him because He sent down The Book to us that is free of crookedness and its an upright book that makes everything upright.

Surah Furqaan

تَبَارَكَ الَّذِي نَزَّلَ الْفُرْقَانَ عَلَى عَبْدِهِ لِيَكُونَ لِلْعَالَمِينَ نَذِيرًا ۝١

SAHIH INTERNATIONAL

Blessed is He who sent down the Criterion upon His Servant that he may be to the worlds a warner -

Allah says that The One who set the criteria for right and wrong is The Blessed One. We need to feel like slaves of Allah as Allah calls us "Abd" that is the slave of Allah. Allah tells that Quran is a warning to the whole world.

Allah favored us by sending us the book and the prophets. This Quran is a journey and a criteria to distinguish between the right and wrong. In this book you can find criteria for anything in life whether its right or wrong. The one who stays away from Quran will have a miserable life. Allah sent this Quran for protection and safety. This Quran is from the Most High. Nowadays we need to come back to the Quran. This book is a blessed book.

كُنُوبٌ أَنْزَلْنَاهُ إِلَيْكَ مُبْرَكٌ لِيَدَّبَّرُوا آيَاتِهِ وَلِيَتَذَكَّرَ أُولُو الْأَلْبَابِ ۝٢٩

SAHIH INTERNATIONAL

[This is] a blessed Book which We have revealed to you, [O Muhammad], that they might reflect upon its verses and that those of understanding would be reminded.

This Quran is your guide for your success and elevation. Quran is our fuel and guardian in this time. We need to trust Allah and rely on Him.

We need to trust Allah. We will do Surah Fatiha and then next.

This is start of the Quran and it's the mother of Quran. Its Surah Hamd and also Saba AL Masani and it gives you so much satisfaction and cure. It will give you cure from mental, heart and other sicknesses. No one got any surah like Surah Fatiha not in injeel nor in Torah. Surah Fatiha has defined and refined the religion for us. You will see your life is complete with this Surah. The whole Quran condense in Surah Fatiha. Then you need to go for worship and actions. Its first about your belief and itiqaad. It's a guideline for our life and how we need to live in this world.

You will find your journey and your cure through this Surah. This Surah is the mother of the book that means you will come back to it. You will find so many things about the number 7 and this surah is also having 7 verses. Allah has His Hikmah behind this number.

Your belief is your feeling towards your Lord. Your relationship with Allah and then your relationship with people. Your Aeteqaad is the belief that you have. You need to build a relationship with Allah and you need to have hope from Him. This is your feeling that is your itiqaad.

By the Name of Allah you start that is with every Name of Allah even the Names I don't know. Allah is the One worthy of worship. I should be attached to Him love Him and magnify Him. He is divine and nothing can affect Him.

Ar Rahman Ar Raheem you are the most compassion and most merciful. Allah give people from general mercy and believer has special mercy. From where can I get the feeling of love? We know that Allah will reform us and He will nurture us. Allah is the Rabb of the Alameen. He will reform you to purify you and to give tarbiyah. When you know Rabb Alameen then you praise Him. You refer all nurturing to Him and you know He is nurturing you so that He can take you to paradise.

Have you seen a mother how she loves her child like that we need to feel loved. We all need His mercy and we need His mercy to survive. The feeling of hope comes from Ar Rahman and Ar Raheem. For the believers Allah will give special feelings of mercy. When Allah make to survive us He gives us the best. Allah showered us with blessing. Its beautiful to have mercy for the One who is the Most Merciful.

After the feeling of mercy we need to have long term vision. We need to magnify and feel this. To bring the balance we need to incorporate fear. Maaliki yaum deen.

He is the Master of the Day of Judgement. This warning is to keep you safe and balanced not to paralyze you. He is The Owner and He owns everything also the DOJ. He is the king Who commands and forbade. He is The One who guides us and He keeps everyone united. Now with the current situation Allah changed everything. All the creation can see how just is Allah and everyone will be discontinued and disconnected. That day everybody will be equal. Everybody will submit to His majesty and everyone is hoping from His reward and fears His punishment. This is the main believe. When you start its love Hope and Fear, you love because He is the Most compassionate. We need to fear to bring a balance and we Magnify Him and understand Him.

After Aeteqaad that is belief in Allah next is to fulfill the purpose of your creation we need to feel to connect and rely. This will keep you tied that you have a contract with Allah. you say I only worship Allah alone and not worship anyone else. We start with hope and fear. You cannot fly without having sincere feelings. You need to remember the purpose of your creation that you were created to worship Him alone. This is what fulfills you. I cannot worship Him without relying on Him and without loving Him. Actually you need to humble yourself by relying on Him. These two things that you worship Him alone and ask Him only that is what will keep you intact in this life and the Hereafter. You cannot depend on yourself that is why you admit saying that I rely only on Allah.

After belief and worship and you equipped yourself with good feelings now comes the Manhaj and ofcourse we have a path that we need to take along with people whom we need to follow. So we say Ahdinasirattal musatqeem. This is your navigator and this is how you need to follow the right path and need to stay away from the wrong. We all need guidance and a path to follow that is the right path. So we say that Allah guide us to the straight path and You guide me I only trust You. I want to come to you in a straight path that is without any scratch or any slip. I want a straight path that takes me to what I love and to see Your face. Only

Allah will teach you and make you know the knowledge that will take you to straight path without any turns. He will guide you to the right belief and utterances. You need to free yourself and ask for the straight path and decide the right way. We want tranquility and happiness. We really need this dua that guide us to the straight path. Allah will guide you to the best way to deal this situation that we are facing. He will guide you on every matter of your life. We don't want pain we want straight path tranquility and peace. That's why we say guide us to the straight path. We ask Allah to tell us where to go in life and guide our direction at all steps. Allah will even guide your feelings and towards to the right people. This is manhaj and Allah has customized it for me and I need someone to keep us connected. We need to follow a pattern and path that will be with people whom Allah favoured and enriched. This includes the truthful one's and the righteous. You are not saying I want to follow the messengers rather you attach to Allah and say that guide me to the people who are righteous according to Allah.

You want the path of those who are bestowed with favor. You need to be aware of the challenges that's why you ask to stay away from the wrong path that might lead to the wrong path of leading to His anger or the wrong path. Allah is angry with the people whom Allah showed the right path but they did contrary to their knowledge. They are not appreciating the knowledge that they had and followed their desires instead. I don't want that path which leads me to the wrong side. I want the path that is guided by Allah.

This is surah Fatiha that is sufficient and enough. Surah Fatiha is the mother that will sow the seeds of Quran.
